BURBANK ELECTIONS

MEASURE T

Burbank Water and Power Fee Transfer

Since the 1950's, the City has transferred up to 7% of Burbank Water and Power's gross annual sales of electricity to the City's General Fund each year, paying for many of the services that Burbank residents currently enjoy. Measure T continues this practice without any additional costs to Burbank residents and businesses.

If approved by voters, Measure T will help maintain essential city services with the continuation of \$12.5 million transferred to the General Fund.

MEASURE V

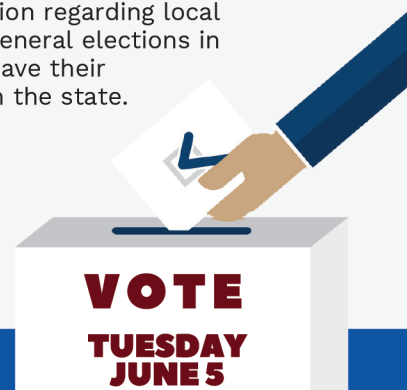

Election Consolidation and Charter Change

To increase voter participation and encourage more people to voice their opinion regarding local policies, this measure will consolidate Burbank elections with the statewide general elections in November of even numbered years. As a result, current elected officials will have their term extended by one year and eight months to align Burbank's elections with the state.

MEASURE Y

Burbank Unified School District Election Consolidation and Charter Change

Measure Y aligns the Burbank Unified School District elections with the statewide general elections in November. It also allows the District to conduct their own elections.

GO AWAY COYOTE!

Wildlife hazing is as easy as using the "Go Away Coyote!" method.

YELL and WAVE your arms to scare it off. If a coyote does not react, walk towards it and increase the intensity of your hazing.

Continue to haze even as it starts to run away and until it leaves the area completely.
